PROTECTIVE
WINDOW FILM

Prevent Permanent Damage with a Cost Effective Solution

Many cities in the world are experiencing the growing problem of vandals tagging glass and other surfaces in public places using mechanical etching tools, acid and paint. Graffiti can cost building owners, transport companies and tenants many thousands of dollars in annual clean up and repair costs. While LLumar® Anti-Graffiti Film won't prevent taggers from leaving their mark, it does help prevent permanent damage.

Reduce the Cost of Graffiti Removal

LLumar Anti-Graffiti Film, a part of the LLumar Protective Film Series, is now the front-running solution to cost-effectively mitigate damage.

These specially designed films, nearly invisible once installed, provide a removable, sacrificial surface that can reduce or eliminate the need for expensive glass replacement. A single replacement of just one window can easily exceed ten or twenty times the cost of film installation.

Simply Remove the "Tagged" Film

Whether applied to vertical or sloped glass, mirrors or stainless steel, installation and replacement by professionally trained staff is quick and easy, avoiding the disruption caused by window replacement. When vandals strike, the film is simply removed along with the tags revealing the unspoiled glass surface ready for the replacement sacrificial film.

24/7 Protection

LLumar Anti-Graffiti Film offers around the clock protection for nearly every type of business or location:

- Malls
- Buses
- Office Buildings
- Subways
- Retail Stores
- Mass Transit Systems
- Movie Theatres
- Display Cases
- Bathroom Stalls and Mirrors
- Glass Enclosures
- Elevators and Stairwells
- Marble Facades

Factory Backed Warranty
